

DO YOU NEED YUDU ALERTLINE?

Check the statements below to see whether your organisation could **benefit from YUDU Alertline** for instant, compliant alerts to visitors, contractors, and staff.

- ☐ I have a **duty of care** to protect everyone on my premises
- ☐ I need to **communicate with temporary or one-off visitors**: contractors & guests
- ☐ My venue will need to comply with **Martyn's Law**
- ☐ My **site makes it difficult to alert everyone** rapidly
- ☐ I need to **send fast, targeted alerts** to people not on my database
- ☐ I want a **simple registration - nothing to download**
- ☐ I must be **GDPR compliant** but I do not have trained staff
- ☐ I want visitor and contractor contact details to **expire automatically** when they leave
- ☐ I manage a **shared or public space** -shopping centre, stadium, campus, office building
- ☐ I do not have a big budget, nor available staff to handle a complex system

YOUR RESULT

0-2 Statements	3-6 Statements	7+ Statements
You may not need Alertline - your existing internal communication systems might be sufficient.	It's very likely you need an out-of-band alerting solution like YUDU Alertline for duty of care and compliance.	Your operational risk profile is high - YUDU Alertline is a priority for duty of care and compliance.
